Message to the Congress on Continuation of the National Emergency With Respect to the Actions of Certain Persons To Undermine the Sovereignty of Lebanon or Its Democratic Processes and Institutions

July 30, 2009

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides for the automatic termination of a national emergency unless, prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. In accordance with this provision, I have sent to the *Federal Register* for publication the enclosed notice stating that the national emergency declared with respect to the actions of certain persons to undermine the sovereignty of Lebanon or its democratic processes and institutions is to continue in effect beyond August 1, 2009.

In the past 6 months, the United States has used dialogue with the Syrian government to address concerns and identify areas of mutual interest, including support for Lebanese sovereignty. Despite some positive developments in the past year, including the establishment of diplomatic relations and an exchange of ambassadors between Lebanon and Syria, the actions of certain persons continue to contribute to political and economic instability in Lebanon and the region and constitute a continuing unusual and extraordinary threat to the national security and foreign policy of the United States. For these reasons, I have determined that it is necessary to continue the national emergency declared on August 1, 2007, to deal with that threat and the related measures adopted on that date to respond to the emergency.
